**Charles Rodolphe Brupbacher Symposium 2019**

Breakthroughs in Cancer Research and Therapy

Award ceremony of the Charles Rodolphe Brupbacher Prize

---

**JANUARY 30 – FEBRUARY 1, 2019 — ZURICH, SWITZERLAND**
Dear Participant,

Welcome to the 14th Charles Rodolphe Brupbacher Symposium. During the coming two and a half days, you will hear talks from international speakers covering the current major topics in cancer research, including tumour cell heterogeneity, cancer epidemiology, targeting signalling pathways and the microenvironment as well as breakthroughs in cancer therapy.

During the Wednesday evening poster session, you will also have the opportunity to discuss the latest developments in the cancer field with the speakers and the authors of more than 100 posters.

On Thursday evening, an outstanding scientist who has made seminal contributions to an important cancer field will receive the highly-prestigious Charles Rodolphe Brupbacher Cancer Research Prize 2019.

We hope that you will enjoy the symposium and look forward to your active participation and stimulating discussions.

Nancy Hynes
Lukas Sommer
